Dedication

This story is dedicated to the children of the animal kingdom.

Domestic animal children bring us so much laughter and unconditional love. We humans can’t imagine a life without a dog, cat, bird or other such being decorating our lives!

Children of the animals of the wilds such as birds, bear cubs, giraffes, and whales delight us humans with their independence and wisdom.

Our dream is that one day, “the lion will lie down with the lamb”, as it is written in the Holy Bible and similar messages in other literary works. Our dream is that we can all be friends, humans and animals, and appreciate the gifts that each brings to color our world.
Preface

*Sunny The Fearless* is a story of courage, determination and devotion.

Sunny, seeing that his forest friends were in trouble, fearlessly did what any true friend would do — he put his whole heart into helping them.

Because of Sunny’s deep love and sincerity, he creates miracles and shows us that really caring for each other is the most important thing in the world.

*Sunny The Fearless* was inspired by the story-telling of Supreme Master Ching Hai.
On the beautiful blue water planet in a billion-jeweled universe, the Earth’s friendly creatures had a joyful life.
Then one day, lightning struck and started a huge forest fire.
Everywhere, the frightened animals cried and ran trying to save their lives.
The vicious fire burnt their bodies. Some were greatly hurt and couldn’t move.
The animal babies fearfully stayed close to their Mommies, some now dying from their injuries.
Up in heaven, The Goddess of Love was sitting on her golden throne enjoying the beauty of the day.
Suddenly, all of heaven trembled. The Goddess of Love immediately sent an archangel to visit Earth to find out what was going on.
The archangel came back and reported: "Goddess, the entire Earth is on fire and the animals are being hurt."
“There is this silly little bird named Sunny dipping his wings into the lake and trying to put out the fire with just a few drops of water. Imagine that!”
The Goddess of Love, so moved by Sunny’s determination and love, transforms herself into a huge bird with wings the colours of the rainbow.
Having flown to Earth, she watched the exhausted Sunny relentlessly sprinkling the fire with a few drops of water from his wings and her eyes welled up with tears.
“How he must love his animal friends”, she thought.
The Goddess wept uncontrollably and her enormous tears then covered the entire Earth and put out the fires which were burning everywhere.
One sparkling tear drop filled with heaven’s mercy cleansed all of the suffering on the beautiful blue water planet.
Thus began a new Golden Era in the love of the Almighty God lasting millions of years.
The Gods, Goddesses, and Angels keep watch now from the heavens above filling the Earth with compassion.
A loving heart is a star in the universe.
The Goddess of Love blessed Sunny for his deep compassion.
“Sunny, a planet full of love is never a lonely one.”
“When we help each other from our hearts with kindness and caring, miracles happen.”
“Sunny, Earth is now miraculously a paradise because of your big heart.”
the end
Supreme Master Ching Hai is the inspiration for *The Q Life Collection* of books and games. She is a humanitariy, peacemaker, world lecturer, television pioneer, best-selling author, ambassador for loving kindness to humans and animals, environmentalist, artist, musician, fashion designer, poetess and spiritual teacher. Her remarkable efforts all go towards fulfilling a dream of a peaceful and loving planet:

*I dream that the whole world will become peaceful.*
*I dream that all the killing will stop.*
*I dream that all the children will walk in peace and harmony.*
*I dream that all the nations will shake hands with each other, protect each other, and help each other.*
*I dream that our beautiful planet will not be destroyed.*
*It takes billions, billions, and trillions of years to produce this planet and it’s so beautiful, so wonderful.*
*I dream that it will continue, but in peace, beauty and love.*

The Q Life Collection of children’s books and games brings home the message that all beings have intelligence. Most of us are familiar with acronyms such as IQ (intelligence quotient) and EQ (emotional intelligence). There exist other measurements such as LQ and NQ.

Supreme Master Ching Hai tells us that LQ which means Loving Quality or Godly Quality is a quality which all living beings hold. This is the quality of unconditional Love, the Love that transcends all boundaries, races and species, above and beyond the worldly love of husband and wife, mother and child.
This is the Love for all beings. With a high LQ we are ready to sacrifice and help, be it our benefactor, stranger or enemy.

This is exactly what Sunny did in this story. His high Loving Quality created miracles and saved his animal buddies in the forest.

Supreme Master Ching Hai also shares that wild animals range from having 30% to 300% LQ. For example, whales have 300% LQ, ducks have 90%, seals have 300%, cows have 300% while the tiger, lion and leopard because they savagely eat other animals have an average LQ of only 21%.

For domestic animals they range from a high of 300% to a low of 80%. The figures indicate to what extent they harbor the noble, unconditional, self-sacrificing love. For example, dogs have 110% LQ, pigs have 120%, and horses have 180%.

Humans, on average, have only 20% LQ. The LQ for Saints is in the 1,000% range.

Noble Quality or NQ, on the other hand, enables us to be more selfless, more protective of our loved ones and more unconditional. NQ also means leading a virtuous life.

Cows have an NQ of 40% while pigs have 30%, dogs have 30% and, not surprisingly, tigers have 4%. The average human has an NQ of just 10%. The eagle has an NQ of 3%. Like tigers and lions, the eagle with an NQ of 3% thinks nothing of killing other beings. Swans have an average NQ of 20%.

Female animals in general have 1 or 2% higher NQ than their male counterpart, and in the human world it’s the same. It would seem that Motherhood does help to develop more unconditional love, and the more we exercise NQ the more NQ we will have.

In other words, many animals are more loving and more noble than us humans. We have much to learn from them.

We thank Supreme Master Ching Hai for sharing her ever loving and gracious wisdom.
